### ABSTRACT

Secondary and higher education board of Gujarat is aware of the new trends and challenges. From last three year. The syllabus of C.B.C.S. is enter secondary and higher education level, and with this semester system becomes the part of the Indian education system. After getting the secondary

education, students will go for higher education. There they will find this system easy. So, the semester system has been entered in the primary , secondary and higher secondary school system from the last three year which can be considered a revolutionary and welcome step in the education world. In this paper, the researcher had tried to know about the various aspects of this semester system and teachers' views regarding it. In present research the teachers of total 50 primary schools of umarpada taluka were the population. From this population, total 30% primary schools means the teachers of 20 primary schools was chosen by method of random sampling. Self constructed opinionnaire was used to collect the data. The statistic technique of Chi - square was used to interpret the

data. Findings of the study revealed that most of the teachers were aware about the semester system and they didn't have any problems regarding the system.

**KEYWORDS** :Teacher's, semester syllabus , Std –8, Umarpada Taluka.

### INTRODUCTION :

Primary , Secondary and higher secondary Education Board of Gujarat is aware from the new streams challenges. The Syllabus of C.B.C.S is entered in higher Education level from this syllabus. The

system of semester is entered in higher education level. Getting the Primary, Secondary education will go to the higher education. It they will be easy. So, the Primary, Secondary and higher Secondary system in Std.5 to 9 and Std.11 of Science from the last three Year. Which can be considered a revolutionary and welcome step in the education world. The load of education decreased because of Semester system. It becomes an education without load in the Sense. The growth of Student's Creative power will be good. Activity based education is given Semester.

Semester system is entered in Std.8 in Umarpada Taluka. What do the primary teachers think about it? Is semester system welcome by the teacher? Do teacher confuse about the semester system? Semster system became nervousness to the teacher? Considering all these questions, the researcher tried to do a Small research by taking the opinion of the teaches.

### **(1) Statement of the problem**

The title of the problem selected by the Investigator is as below: The Study of teacher's Opinions about the Semester syllabus of Std.8 of Umarpada Taluka.

### **(2) Objectives of the study :**

**The present research has the Following Objectives:**

1. To get the Opinion of the teachers about the Semester syllabus in Std.8
2. To know the confusion of teachers about the semester syllabus.
3. To know the information about the evaluation of Students in Semester syllabus.
4. To get the information about the teacher's performance regarding the semester syllabus.
5. To know the performance of Students in semester syllabus.
6. To know the information about the students awareness about the exam in semester syllabus.

### **(3) Limitation of the study:**

- (1) Present research will be limited to the Umarpada Taluka of Surat District.
- (2) Present research will be limited to the semester syllabus of Std.8
- (3) Present research will be limited to Primary Schools.
- (4) Present research will be limited to the thirty percentage Primary schools of the Umarpada Taluk

### **(5) Population and Selecatin of sample:**

In present research the teachers of total 50 Primary schools of Umarpada Taluka were the population. From this population, total 30% secondary Schools means the teachers of 20 secondary Schools was choose by the method of random sampling.

### **(6) Construction of the tool for the study:**

To get information is the matter for research considering her Subject, the researcher has got information by using Opinionnaire from the different tools of research. The statement has fiv point scale with strongly agree, agree, neutral, disagree, strongly disagree. There were 40 statements in the opinionnaire.

### **(7) Method of Data collection :**

The researcher herself visited the schools, by taking the permission from the principals, collected data from teachers. Satisfied co-operation was received from the principals, teachers of primary schools for data collection.

**(8) Method of Data Analysis :**

The researcher had used the statics techniques like chi square, percentage and priority rank to the analyses the data.

**(9) Finding of the study :**

- (1) Syllabus should be completed in time.
- (2) It is felt that teachers have to do extra work.
- (3) The more haste has to do because of semester.
- (4) Teachers used new method and technique should be developed for the teaching work.
- (5) It is felt that there is no difficulty in semester system.
- (6) The Evaluation of the co-curricular activities students has stated participating in activities.
- (7) The students get enough Opportunity to do self study and self development.
- (8) The Grade system has more importance in Evaluation which is welcome step.
- (9) Teachers used computer and internet.
- (10) Every student participate co-curricular activities.

**(10) The scope of future research :**

- (1) To know the Opinions of Students about the semester Syllabus.
- (2) To do the research about semester syllabus of rural and urban Secondary School.
- (3) To do the comparison of C.B.C.S. syllabus and traditional syllabus.
- (4) To know the opinions of the B.Ed. trainees about semester syllabus.
- (5) To do the study of semester syllabus of Std 9.

**(11) CONCLUSION :**

The present research's findings cleared the picture of the opinion of the teacher regarding semester system. After this research, there are some suggestions given by the researcher for further study. All the efforts of the investigator will come true only when this work will be helpful for the teachers and students.
