ABSTRACT:

This paper is an outcome of my research study conducted for Ph.D degree from Ch. Charan Singh University, Meerut. The purpose of the study was to collect the data (opinion based questionnaire) on core curriculum need in B.Ed. The sample comprised of 200 secondary school Teachers working in various schools affiliated to the following boards- 100 C.B.S.E Board Teachers and 100 I.C.S.E Board teachers. The questionnaire was prepared by the researcher.

Abstract Report: The Title Accurately Said The Study was About.

INTRODUCTION:

Teacher education (secondary level) is under university system for curriculum and examination and under N.C.T.E. for recognition. University grants commissions monitors quality of Teacher Education by directing universities to make necessary changes in curriculum of secondary teacher education program. Universities have Board of studies as R&D units with a convener and some members to monitor quality of teacher education.

Introduction Report: This Article Include Full Introduction, Methods, Results & Introduction Section.

METHODS & MATERIALS:

Survey method of the study was the most appropriate research method for the present study. So as a researcher analytical survey method had been used in this research study.

Methods & Materials Report: Tables/Boxes/Diagram & Images are Used to Explain Specific Points or Background Information. Figures That The Plotted Parameters are Clearly Mentioned.

RESULT:

Must add result in your article .

Result Report: Result report is blank .

CONCLUSION:

Findings of the present study indicates that Secondary school teachers who are working in C.B.S.E & I.C.S.E Boards considered that Chaudhary Charan Singh University, Meerut core curriculum of Teacher Education (B.Ed) is either most needed or needed for secondary school teachers & accomplish to cope up with the present challenges. As discussed above, the core curriculum of Teacher Education (B.Ed) course includes the subjects namely, Teachers in Emerging Indian Society, Development of Learner and Teaching Learning Process, Fundamentals of Educational Technology and Management and Development of Education System in India. Hence we can conclude that the core curriculum for Teacher Education (B. Ed) in Chaudhary Charan Singh University, Meerut is essential according to the secondary school teacher and is essential to lead the society towards progress.

Conclusion Report: The Text is Rounded off with a Conclusion that Discusses the Implication of The Findings & Ideas Discussed & Their Impact on Future Research Direction.
