ABSTRACT:

The present study was taken up for Empowering Rural Adolescent girls and Young mothers with life skills to lead a Quality life and also to help women to deal effectively with the demands and challenges of everyday life. The sample consisted of 75 girls (12 – 19 yrs) and 75 young mothers (19+ yrs -25yrs) from 5 operational villages of Chevella Mandal, RR district. Checklist (developed by scientists from 9 State Agriculture Universities, All India Coordinated Research Project, Child development component), was used to find out the Life skills (5) of rural Adolescent girls and young mothers.

Abstract Report: The Title Accurately Said The Study was About.

INTRODUCTION:

The World Health Organization has defined Life skills as, "the abilities for adaptive and positive behavior that enable individuals to deal effectively with the demands and challenges of everyday life" (WHO, 1997a). UNICEF has defined Life skills as "a behavior change or behavior development approach designed to address a balance of three areas: knowledge, attitude and skills". Life skills are essentially abilities that help promote mental well-being and competence in young people as they face the realities of life.

Introduction Report: This Article Include Full Introduction, Methods, Results & Introduction Section.

METHODS & MATERIALS:

Location of the study:

For the present study, Chevella mandal, RR District was selected which was 45 km from AICRP – H.Sc, ANGRAU (Acarya NG Ranga Agriculture University) campus.

Sample:

150 samples (75 adolescent girls & 75 young mothers) were selected from two villages (Kandawada & Malkapur), which had Government Zilla Parishad High Schools and also young mothers. The group comprised of rural school going adolescent girls (75) & young mothers (75) in the age range of 12- 25 years.

Measurement Tools:

Interview Schedule to collect base line information about the selected sample
Checklist to find out the Life skill (5) levels of the selected sample

Methods & Materials Report: Tables/Boxes/Diagram & Images are Used to Explain Specific Points or Background Information. Figures That The Plotted Parameters are Clearly Mentioned.

RESULT:

Must add result in your article.

Result Report: Result report is blank .

CONCLUSION:

Life Skill Education in school is an important means to promote psycho-social competence among young individuals

Conclusion Report: The Text is Rounded off with a Conclusion that Discusses the Implication of The Findings & Ideas Discussed & Their Impact on Future Research Direction.
