ABSTRACT:

India entered the nuclear club with a bang in may 1974. Prior to this there had been considerable debate in the country on whether India should go nuclear and whether she could afford to do so. Now that India is set on the nuclear path.

Abstract Report: The Title Accurately Said The Study was About.

INTRODUCTION:

The United States- India civil nuclear deal has virtually rewritten the rules of the global nuclear non-proliferation regime and the south Asian regional security order by underlining India's credentials as a responsible nuclear state that should be integrated into the global nuclear order.

Introduction Report: This Article Include Full Introduction, Methods, Results & Introduction Section.

METHODS & MATERIALS:

Must add methods and materials in your article.

Methods & Materials Report: Methods & Materials used to per research topic.

RESULT:

Must add result in your article.

Result Report: Results are as per aims and objective and useful to further research .

CONCLUSION:

From the above detailed discussion we may conclude here that the ,South Asian security is at a crossroads. The region is passing through an unprecedented strategic transformation following the signing of the Indo-US civil nuclear cooperation agreement. The region is fact getting sucked into the vortex of terrorism.

Conclusion Report: The Text is Rounded off with a Conclusion that Discusses the Implication of The Findings & Ideas Discussed & Their Impact on Future Research Direction.
