ABSTRACT:

This is a case study of the service industries and the product industries in Satna from 2007 to 2012. These are sources of large employment generation for the Satna district of Madhya Pradesh.

Abstract Report: The Title Accurately Said The Study was About.

INTRODUCTION:

Satna is situated in the vrindh region of Madhya Pradesh. It plays a very important role in the economic arena of the state, as Satna is a major player in the cement production of the country.

Introduction Report: This Article Includes Full Introduction, Methods, Results & Introduction Section.

METHODS & MATERIALS:

Must add methods and materials in your article.

Methods & Materials Report: Methods & Materials used to per research topic.

RESULT:

Must add result in your article.

Result Report: Results are as per aims and objective and useful to further research

CONCLUSION:

Satna which is a part of Madhya Pradesh is a small city (district) but plays a very important role in the employment generation and in the economic growth and development of Madhya Pradesh. It is better known for its cement industries and has got storage of raw materials for supporting the same too.

Conclusion Report: The Text is Rounded off with a Conclusion that Discusses the Implication of The Findings & Ideas Discussed & Their Impact on Future Research Direction.
