Tathe S. V.

ABSTRACT

Health is a major determinant of happiness. Health is wealth (Misra R.P 2007) The scind society is reflected by the sound health conditions of its people. The better health status is depending on geographical condition(mayer I.A.2007). The efficiency of mankind is very much influenced by health and freedom from disease. The link between health and development are very close. Health can be considered as a factor of development.

GOLDEN RESEARCH THOUGHTS

Introduction

The human resource is an important resource in the world. Man has optimum ability to make those resources. The optimal working condition condition of man depends on health. The creativity of human being is very important in this processes. Therefore the study of human wellbeing becomes an important aspect. Human creativity depends on his health condition in this context medical geography as a branch of human geography deals with such aspects.

A Good Introduction :-

Depict the significance (importance) of the study - why was this value doing in any case? Give a wide connection. Extremely briefly depict the exploratory configuration and how it achieved the expressed destinations.

Materials

Must add methods and materials in your article.

A Good Materials :-

Methods & Materials used to per research topic.

Result

Must add result in your article.

A Good Result :-

Results are as per aims and objective and useful to further research.

Conclusion

The infant mortality rates and their district wise distribution have been explained in depth. In the study region 25.60 % total infants deaths are occurring one year of infants. Among them 29.23% infant deaths are observed in rural and 17.07% infant deaths are observed in urban areas..

A Good CONCLUSION :-

Clarify the majority of your perceptions however much as could be expected, concentrating on systems. Choose if the trial outline satisfactorily tended to the speculation, and whether it was legitimately controlled.

REVIEWER COMMENTS

- This was a superb give an account of extremely intensive examination.
- The writing audit was careful, the approach was carefully exhaustive and fused the utilization of sufficient quantities of tests in dust size examination and blast tests.
