Introduction

In recent years a number of articles, books, reports, seminars have highlighted the importance of 'Higher Order Thinking (HOT) Skills' and hence appear in the support of teaching thinking(1-65). In India, the NCF- 2005 (40) has strongly advocated the development of life skills such as critical thinking skills.

A Good Introduction :-

Depict the significance (importance) of the study - why was this value doing in any case? Give a wide connection. Extremely briefly depict the exploratory configuration and how it achieved the expressed destinations.

Materials

Must add methods and materials in your article.

A Good Materials :-

Methods & Materials used to per research topic.

Result

Must add result in your article.

A Good Result :-

Results are as per aims and objective and useful to further research .

Conclusion

It may be concluded on the basis of findings of the present research study that existing practices of designing of lesson plan needs to be modified so as to integrate various components of thinking skills such as critical thinking, analytical thinking, reflective thinking, integrative thinking and creative thinking leading to suitable interaction with the students.

A Good Conclusion :-

Choose if the trial outline satisfactorily tended to the speculation, and whether it was legitimately controlled. Attempt to offer option clarifications if sensible options exist.

REVIEWER COMMENTS

- The work, as with all work advancing from this specific gathering, is generally sound.
- My remarks here are concerned singularly with the association of the composition.

Thought of these focuses will, I accept, lead to an enhanced report that better shows the key ideas and conclusions.
