ABSTRACT

The concept of globalization of innovation is the zip between two fundamental phenomena of modern economies: the increased international integration of economic activities and the raising importance of knowledge in economic processes. This article focuses on selected features of the new economy, especially globalization, changes brought about as a consequence, new skills required for management, including a shift in the indicators for assessing business performance.

Introduction

The end of the eighties of the last century was marked by a sharp increase in the dynamics of the market environment. Turbulence increases in the threshold of chaos (Trunecek, 2003). "Our only certainty is that things will change" (Gibson, 1998, p.195).

A Good Introduction :-

Depict the significance (importance) of the study - why was this value doing in any case? Give a wide connection. Extremely briefly depict the exploratory configuration and how it achieved the expressed destinations.

Materials

Must add methods and materials in your article.

A Good Materials :-

Methods & Materials used to per research topic.

Result

Must add result in your article.

A Good Result :-

Results are as per aims and objective and useful to further research.

Conclusion

Within the global economy it is not low performance of the company which is the biggest threat to their business success, but its irrelevance to the changes in customer attitudes and the development of its surroundings. Typically, two key areas are highlighted in which at present lie the greatest potential for business benefits.

A Good Conclusion :-

You may propose future headings, for example, how the analysis may be adjusted to achieve an alternate target. Clarify the majority of your perceptions however much as could be expected, concentrating on systems.

REVIEWER COMMENTS

- The work, as with all work advancing from this specific gathering, is generally sound.
- My remarks here are concerned singularly with the association of the composition.
- Thought of these focuses will, I accept, lead to an enhanced report that better shows the key ideas and conclusions.
