ABSTRACT

Judicial activism has done a lot to ameliorate the conditions of the masses in the country. It has set right a number of wrongs committed by the states as well as by individuals. Judicial Activism provides a safety valve in a democracy. But when Judges start thinking they can solve all the problems in society and start performing legislative and executive functions, all kinds of problems are bound to arise. Such encroachment by the judiciary into the domain of the legislature or executive will almost invariably have a strong reaction from politicians and others.

GOLDEN RESEARCH THOUGHTS

Introduction

The Constitution provides for separation of powers and hence demarcates the powers and areas of all these three machineries. However sometimes with the failure of the legislature and the executive, the separation of power remains a theory only in the text book and the third wing of governance.

A Good Introduction :-

Depict the significance (importance) of the study - why was this value doing in any case? Give a wide connection. Extremely briefly depict the exploratory configuration and how it achieved the expressed destinations.

Materials

Must add methods and materials in your article.

A Good Materials :-

Methods & Materials used to per research topic.

Result

Must add result in your article.

A Good Result :-

Results are as per aims and objective and useful to further research .

Conclusion

Admitting all the matters mentioned above, without disputing the idea behind judicial restraint, it is submitted here that too much restraint imposed by judiciary upon itself on the basis of strict separation of powers cannot be a path to identify justice in the eyes of poor.

A Good Conclusion :-

Choose if every speculation is bolstered, rejected, or in the event that you can't settle on a choice with certainty. Don't just reject a study alternately a piece of a study as "uncertain." Exploration papers are not acknowledged if the work is inadequate. Make what inferences you can based upon the outcomes that you have, and regard the study as a completed work
