ABSTRACT

The Dheyans are the Koch Rajbanshi people in Cachar. They are known by this name only in Cachar. They settled in Cachar in the middle part of the 16th century. Since then their socio – cultural life has evolved a lot. At present, they are incorporating certain cultural nutrients from their neighboring communities as per their needs and requirements. At the same time they are also maintaining their distinct cultural identity.

REVIEWER COMMENTS

- The writing audit was careful, the approach was carefully exhaustive and fused the utilization of sufficient quantities of tests in dust size examination and blast tests.
- I discover no shortcoming at all with the routines, information examination, or conclusions.
- The work, as with all work advancing from this specific gathering, is generally sound.
