ABSTRACT

The dairy co-operative movement has been central to the development of dairying in India. The inspiration for this movement was the success of the “ Khaira District Co-operative Milk Producers’ Union ” – popularly known as AMUL. Founded in 1946 in response to the exploitation of district’s dairy farmers. Amul grew rapidly from its initial base of two societies and 200 litres of milk.

Introduction

Today the Indian dairy industry stands at the mammoth size of US \$ 70 billion. Given the highest mulch bovine population of 115.487 million in the world, India exhibits tremendous potential for further strengthening its position in the world dairy market.

A Good Introduction :-

Depict the significance (importance) of the study - why was this value doing in any case? Give a wide connection. Extremely briefly depict the exploratory configuration and how it achieved the expressed destinations.

Materials

The present study is descriptive in nature. The entire study is based on secondary data. So desk research method is followed here. The concerned secondary data has been collected from books, articles and websites.

A Good Materials :-

Materials may be accounted for in a different passage or else they may be distinguished alongside your systems. In biosciences we habitually work with arrangements - allude to them by name and portray totally, including convergences of all reagents, and pH of watery arrangements, dissolvable if non-fluid.

Result

Must add result in your article.

A Good Result :-

Results are as per aims and objective and useful to further research .

Conclusion

Globalization and Liberalization are the mantras of the new economy today. Industrial production is rapidly moving ahead. The dairy industry is not an exception. The dairy industry, which includes dairy products, faces both an opportunity for growth as well as a threat for its growth.

A Good Conclusion :-

Choose if the trial outline satisfactorily tended to the speculation, and whether it was legitimately controlled. Attempt to offer option clarifications if sensible options exist.

REVIEWER COMMENTS

- This was a superb give an account of extremely intensive examination.
- The writing audit was careful, the approach was carefully exhaustive and fused the utilization of sufficient quantities of tests in dust size examination and blast tests.
- I discover no shortcoming at all with the routines, information examination, or conclusions.
