#### ABSTRACT

Social Justice is the most important action as significantly building a good individual and a nation. This paper focuses on the state of social justice in India and equality of opportunity for dalits or untouchables. Opportunity rigorously describes the notion of capability. Capability relates generally to 'freedom – the range of options a person has in deciding what kind of life to lead'. Freedom leads to development which is really a joy and happiness of human life.

## GOLDEN RESEARCH THOUGHTS

### Introduction

Justice is a complex term which is very important to understand that it has much to do with everyone being treated fairly. Justice is a holistic approach for the well-being or development (quality of life) of the human beings.

#### A Good Introduction :-

*Depict the significance (importance) of the study - why was this value doing in any case? Give a wide connection. Extremely briefly depict the exploratory configuration and how it achieved the expressed destinations.*

### Materials

Must add methods and materials in your article.

#### A Good Materials :-

*Methods & Materials used to per research topic.*

### Result

Must add result in your article.

#### A Good Result :-

*Results are as per aims and objective and useful to further research.*

### Conclusion

Though India is largely bound to make justice, freedom, equality, and fraternity a reality, the forgoing discussion clearly brings to light that, the concept of freedom articulated by the Indian freedom fighters and that enshrined in the Indian Constitution seems meaningless for the untouchables of Indian villagers.

#### A Good Conclusion :-

*Choose if the trial outline satisfactorily tended to the speculation, and whether it was legitimately controlled. Attempt to offer option clarifications if sensible options exist.*

#### REVIEWER COMMENTS

- This was a superb give an account of extremely intensive examination.
- The writing audit was careful, the approach was carefully exhaustive and fused the utilization of sufficient quantities of tests in dust size examination and blast tests.
- I discover no shortcoming at all with the routines, information examination, or conclusions.
