ABSTRACT

The process of Decision making is one of the most complex mechanisms of human thinking, as various factors and courses of action intervene in it, with different results. Some consider decision making as the interaction between a problem that needs to be solved and a person who wishes to solve it within a specific environment.

Materials

Must add methods and materials in your article.

A Good Materials :-

Methods & Materials used to per research topic.

Result

Must add result in your article.

A Good Result :-

Results are as per aims and objective and useful to further research.

Conclusion

Must add Conclusion in your article.

A Good Conclusion :-

Thus, the research have wider scope for new academician and research scholars.
