#### ABSTRACT

Integration among developing countries also attracts direct foreign investment in new regionally based manufacturing industries that enjoy economies of scale. This requires inter-governmental agreement for the establishment of those industries or plants, as also policy measures like tariff against foreign competition, fiscal & administrative measures for their implementation & success. This association of countries of Indian sub-continent is for close economic and commercial co-operation among the member countries.

### REVIEWER COMMENTS

- My remarks here are concerned singularly with the association of the composition.
- Thought of these focuses will, I accept, lead to an enhanced report that better shows the key ideas and conclusions.
- Generally, this is a reasonable, brief, and elegantly composed original copy.
- The presentation is pertinent and hypothesis based.
