#### ABSTRACT

Prime Minister, Narender Modi, chose Haryana to launch his nationwide campaign of 'Beti Bachao, Beti Padhao' in January this year. Unfortunately, it's not a feather in the cap as Haryana was chosen for this 'campaign for saving the girl child', for having one of the worst sex ratio and child sex ratio in the country. The census of 2011 recorded 827 females for every 1000 males in Haryana. The child sex ratio was equally saddening at 830 number of girls per 1000 boys between 0 to 6 years of age. What is even more alarming is the fact

### Introduction

The rising population in India has always shown a figure skewed in favour of male population but the latest census has coughed up even more alarming figures. Population census in 2011 showed the sex ratio of the country to be 940 which is only slightly better than 933 in 2001.

#### **A Good Introduction :-**

*Depict the significance (importance) of the study - why was this value doing in any case? Give a wide connection. Extremely briefly depict the exploratory configuration and how it achieved the expressed destinations.*

### Materials

The study is mainly based on the secondary data as given in the Census of India and Statistical abstract of Haryana of various years. The data and information was also sourced from various books, newspapers, and journals.

#### **A Good Materials :-**

*Materials may be accounted for in a different passage or else they may be distinguished alongside your systems. In biosciences we habitually work with arrangements - allude to them by name and portray totally, including convergences of all reagents, and pH of watery arrangements, dissolvable if non-fluid.*

### Result

Must add result in your article.

#### **A Good Result :-**

*Results are as per aims and objective and useful to further research .*

### Conclusion

Must add Conclusion in your article.

#### **A Good Conclusion :-**

*Thus, the research have wider scope for new academician and research scholars.*

### REVIEWER COMMENTS

- This was a superb give an account of extremely intensive examination.
- The writing audit was careful, the approach was carefully exhaustive and fused the utilization of sufficient quantities of tests in dust size examination and blast tests.
- I discover no shortcoming at all with the routines, information examination, or conclusions.
- The work, as with all work advancing from this specific gathering, is
