ABSTRACT

The origin of Scheduled Caste can be traced from the early Hindu scriptures which divides Indian society in to four Varnas on the basis of occupations and the last of which is Scheduled Castes. The Aryans were behind the origin and emergence of castes including the lowest stratum i.e., Scheduled Caste. This Scheduled Caste people are not socially, economically and educationally on par with the rest of the Indian population whose wide disparities with the Scheduled Caste mandate the Government of India to bridge such a wide gap by stringent policy measures.

GOLDEN RESEARCH THOUGHTS

Introduction

The caste system is unique in India. Since the dawn of history, Indian society has suffered from diverse types of social disabilities. Some of the most unsocial and unscrupulous inequalities and disabilities were centered on the institution of caste.

Conclusion

It may be concluded that, Indian society is stratified with multifarious disparities and conservative sprits which never allow and accept the liberty, equality and fraternity of Scheduled Castes. Though majority of Indians are spiritually bent and simple their superstitious practices and indifferent attitude towards Scheduled caste enhance the latter's vulnerability rather than their liberty.

A Good Conclusion :-

You may propose future headings, for example, how the analysis may be adjusted to achieve an alternate target. Clarify the majority of your perceptions however much as could be expected, concentrating on systems.
