ABSTRACT

A Thousand Splendid Suns' by Khaled Hosseini is a heartbreaking story of two women, Mariam and Laila. It is both the tale of two women, and a tale of two cities - Herat and Kabul. A story set against the terrifying background of Afghanistan is a powerful portrait of female suffering and endurance. It attempts to show the fallout that Afghanistan's violent history has had on a handful of individuals, ending in death at the hands of the Taliban for one character, and the promise of a new life for another. . Looking at the story from the feministic perspective it can be said that the women in Afghanistan are not at all respected.
