ABSTRACT

The present study was intended to delineate the pocket money usage and snacking pattern of school going children between 12 and 15 years of age in Puducherry. Stratified proportionate random sampling method was adopted to pick the samples and accordingly 571 children both from government and private schools were selected. Data was collected through self administered questionnaire. The entire study was spread over a period of eight months from January 2012 to August 2012.

Review of the Article:

The present study focuses on Pocket Money And Snacking Pattern Of School Children. The introduction builds a logical case and context for the problem statement. The problem statement is clear and well articulated.

Abstract:

The abstract is complete, essential details are presented. The results in the abstract are presented in sufficient and specific detail. The conclusions in the abstract are justified by the information in the abstract and the text. There are no inconsistencies in detail between the abstract and the text.

Reference to the Literature and Documentation:

The literature review is up-to-date. The number of references are appropriate and their selection is judicious. The review of the literature is well integrated.

Research Design:

The research design is defined and clearly described, and is sufficiently detailed to permit the study to be replicated.

Instrumentation, Data Collection:

The measurement instrument is appropriate given the study's variables; the scoring method is clearly defined. The data set is sufficiently described.

Data Analysis and Statistics:

Data analysis procedures are sufficiently described, and are sufficiently detailed.

Presentation and Documentation:

The text is well written and easy to follow. The vocabulary is appropriate. The content is complete and fully congruent. Reference citations are complete and accurate.

Scientific Conduct:

There are no instances of plagiarism. Ideas and materials of others are correctly attributed. Prior publication by the author(s) of substantial portions of the data or study is appropriately acknowledged. There is no apparent conflict of interest.

Overall the study is relevant to the mission of the journal or its audience.

SUMMARY OF ARTICLE

No.		Very High	High	Average	Low	Very Low
1.	Interest of the topic to the readers	✓				
2.	Originally & Novelty of the ideas			✓		
3.	Importance of the proposed ideas	✓				
4.	Timelines		✓			
5.	Sufficient information to support the assertions made & conclusion drawn	✓				
6.	Quality of writing (Organization, Clarity, Accuracy Grammer)		✓			
7.	References & Citation (Up-to-date, Appropriate Sufficient)		✓			

FUTURE RESEARCH SCOPE:

- 1.Home and school influences on academic achievement and/or well-being
- 2.Development education, global citizenship, transformative learning, critical pedagogies, critical reflection and dialogue.
- 3.Child social and emotional well being and behaviors; parent, teacher and child cognitive/behavioural interventions; outcomes and process effects
- 4.Educational programmes that use co-operative learning, peer tutoring or technology, particularly in early childhood education and early literacy
