ABSTRACT

Indian women and rural women in particular play many social and economic roles inside as well as outside the home. Rural Indian women are extensively involved in agriculture activities. Agriculture in the so called third world countries depends heavily on manual labour and women constitute the maximum number. The women are the backbone of agricultural workforce but worldwide her hard work has mostly been unpaid. Over the years, there has been a gradual realization of the key role of women in agricultural development and their contribution in

Introduction

Women in the family play a pivotal role in improving the quality of family life, as they constitute one third of country economically active population. In rural areas the women are ignorant about the latest information on different components of family life, which may be due to the poor literacy rate of females.

A Good Introduction :-

Depict the significance (importance) of the study - why was this value doing in any case? Give a wide connection. Extremely briefly depict the exploratory configuration and how it achieved the expressed destinations.

Materials

The study was carried out in rural area of Rohtak and Bhiwani district of Haryana state randomly selecting a total sample of 300 women in the age group of 20-30 years (fig-1). Two village from each district i.e. Kanni and Shangi villages from Rohtak district, Mehrra and Badeshra from Bhiwani district were selected randomly.

A Good Materials :-

Depict materials independently just if the study is complicated to the point that it spares space thusly. Incorporate specific chemicals, organic materials, and any gear or supplies that are not generally found in research centers.

Result

The figure 2 indicates the district wise distribution of respondents for their knowledge level. For the total sample, 43.67 percent respondents were in low category of knowledge on personal hygiene followed by moderate (33.33%) and high (22.00%) category of knowledge.

A Good Result :-

Abridge your discoveries in content and show them, if fitting, with figures and tables. In content, depict each of your outcomes, guiding the per user toward perceptions that are generally significant.

Conclusion

Must add Conclusion in your article.

A Good Conclusion :-

Thus, the research have wider scope for new academician and research scholars.

REVIEWER COMMENTS

- My remarks here are concerned singularly with the association of the composition.
- Thought of these focuses will, I accept, lead to an enhanced report that better shows the key ideas and conclusions.
- Generally, this is a reasonable, brief, and elegantly composed original copy.
- The presentation is pertinent and hypothesis based.
