## **REVIEW OF THE ARTICLE**

### **A Study Of Social Intelligence Of Adolescents In Relation To Adjustment**

Dr. Neetu Sethi

#### **ABSTRACT:**

The TITLE matches with the contents of the paper Education is the basic tool for the development and reconstruction of human being. It helps individual to realize all his inherent qualities and develops his entire personality. It is one of the important means to foster a deeper and more harmonious form of human development. The coming century dominated by globalization also means that education will have to adopt itself to considerable economic, social and cultural change resulting in equality of opportunities, spiritual aspiration and material reality, the expansion of knowledge and the limited capacity of human being to assimilate it.

#### **INTRODUCTION:**

The introduction provides a good, generalized background of the topic that quickly gives the reader an appreciation Karl Albrecht, "More people have lost jobs, friends, marriages and mates because of social incompetence than for all others reasons combined. The simple fact is that people who have highly developed sense of social intelligence have more friends, better relationships, more successful carriers and happier lives than those who lack those skills." Social Intelligence is the ability of an individual to react to social situations of daily life. It is the ability to get along well with others. It includes an awareness of situations and the social dynamics that govern them and knowledge of interaction styles and strategies that can help a person to achieve his objectives in dealing with others.
