## Participation And Empowerment Of Widows Through Mgnregp In Cuddalore District

B. Arishbabu<sup>1</sup> and Dr. T. Sezhiyan<sup>2</sup>

### ABSTRACT:

The problem statement was clear and well articulated There is inequality and vulnerability of women in all sphere of life. They need to be empowered in all walks of life. Without the active participation of women, establishment of a new social order may not be a successful one, because women constitute half of the population. Women should realize that they have constitutional rights to economic security, and access to political power.

### INTRODUCTION:

The introduction provides a good, generalized background of the topic that quickly gives the reader an appreciation Empowering women to change power relations between them and men in their favor Women in general and women in developing countries in particular are observed to be lagging behind men in the different spheres of life such as, labour and employment, health and nutrition, education and skills, asset ownership, political and social participation etc., with the result that power of decision making in the multiple spheres of life lies more with men than with women, on the economic front, women own no/low assets as compared to men.

### METHODOLOGY:

The present study was exclusively realized on secondary data sources. It was purely descriptive type of research since it describes the facts relating to the problem.
