ABSTRACT:

The study was experimental in nature and conducted on the sample of 500 students, as per the requirements of 3*2 factorial design in which the independent variables of Mnemonic Techniques and Self Concept were studied.

Abstract Report: The Title Accurately Said The Study was About.

INTRODUCTION:

Achievement has been considered as an important factor in the educational life of the students. It encourages the students to work hard and learn more. It is the status or levels of a person's learning and his ability to apply what he has learned.

Introduction Report: This Article Include Full Introduction, Methods, Results & Introduction Section.

METHODS & MATERIALS:

Must add methods and materials in your article.

Methods & Materials Report: Methods and materials reports are blank.

RESULT:

Must add result in your article.

Result Report: Result reports is blank.

DISCUSSION:

The results obtained from the analysis of Tables from 1 to 5 are discussed in the context of hypotheses formulated earlier. The results already arrived at by various related studies have also been compared with the results of present study. This has been done to make the study more meaningful.

Discussion Report: The Text is Rounded off with a Conclusion that Discusses the Implication of The Findings & Ideas Discussed & Their Impact on Future Research Direction.
