#### ABSTRACT

The beedi industry is generally located in the 'unorganised' sector, although beedi rolling began in the factory sector (in early twentieth century), over the last three decades, the beedi manufacturers have increasingly shifted the work from factories into the households, small unincorporated units or into small work sheds. Mostly the economically and socially backward populations are involved in beedi industry. In India, female beedi workers accounting 75.02 per cent and 25.12 per cent of male workers in the year 2014.

### REVIEWER COMMENTS

- Thought of these focuses will, I accept, lead to an enhanced report that better shows the key ideas and conclusions.
- Generally, this is a reasonable, brief, and elegantly composed original copy.
- The presentation is pertinent and hypothesis based.
- Sufficient data about the past study discoveries is displayed for perusers to take after the present study method of reasoning and strategies.
